

**BUMI HILLS**  
ANTI POACHING UNIT

## ‘ADOPT A BHAPU SCOUT ‘

For as little as **\$500** a month you can make a huge difference.....

The Bumi Hills Anti Poaching Unit, founded in July 2009 works tirelessly to prevent all forms of poaching against flora and fauna found in the Bumi Hills Wildlife Area and beyond. Comprised of 4 game scouts, the unit has cleared over 4500 snares and over 10 000 metres of illegal gill netting. With poachers becoming more daring and developing new methods of catching their quarry the need has arisen to expand and develop BHAPU.

Through this initiative individuals and corporates are invited to donate a fixed monthly sum of US\$500 which enables us to train and employ a qualified game scout for the month. In return we will place your logo on our website, BlogSpot, newsletter, monthly report and scouts uniform to ensure you get maximum exposure. What better way to advertise your business and commitment to the environment...

Please visit/subscribe to our BlogSpot by clicking on the following link <http://bumihillsapu.blogspot.com> or email us on [conservation@bumihills.co.zw](mailto:conservation@bumihills.co.zw) for more information on how you can get involved.
