### Wheat Bran

In the nine months to September 2019, wheat bran imports amounted to 562mt, a decline of 69% from 1,820mt over the corresponding period in 2018. The total value over the same period is ZWL 90,130 against ZWL 254,585 in 2018.

Foreign currency shortages have been the main driver in the decline of wheat bran imports and the average price to September rose by 14% from USD 140 to 160/mt when compared to the same period in 2018.

Exports

Wheat bran exports from January to September 2019 amounted to 4,697mt, a decline of 76% over the corresponding period in 2018. Supply of wheat bran onto the domestic market has been negatively affected as millers exported product to generate much needed foreign currency.

The average weighted price for exports for the nine-month period rose by 55% from USD 76 to 118/mt when compared to 2018.
